## SUMMARY

My name is Elisha Sabas Mwananjela, am 24 years old. My mobile number is +255 742 5786 91, am at DODOMA currently, am requesting about this job because I love my country and Tanzanians. Through my skills, experiences and talents I have declared to work for my country and citizens.

I got enough experience of Patriotism when I went to short course at 846kj/ Luwa, at RUKWA REGION .From there I started to see the need of being patriot of my country and Tanzanians. Then I got chance to join the University of DODOMA in program of Bachelor of science in information systems(BC-IS), until I got a notification to apply for recruitment job, from there I got enough experience in virtual education and skills (computer skills like programming, networking, Database management systems and many more) while in short course at Luwa , 846KJ/ I got experience in building and farming by including Irrigation farming.

## EXPERIENCE

### COMPUTER SKILLS

- I have an experience of computer skills for two years
- I have an experience of developing systems for handling and securing data
- I have skills of performing Networking projects for effective communication

### FARMING

- I have enough experience of getting involved in agricultural activities from home even to short course I mentioned before.
- I have attended various seminars on how to use technology in agriculture for effective production.

### BUILDING

- I have an experience of being involved in building various government blocks when I went to short course of military training.
- I got an experience of building after short course when I turned back at home, where I got involved in constructing primary school in 2023.
- Also I expanded my experience of building when I used it as a source of income in my jobs.
